Thank you for your interest in the Amphicat.

Without a doubt, the Amphicat is the most versatile vehicle of its kind built today. It is the ideal answer to the sportsman who does not want to be limited by the terrain.

It is being used by industry and agricultural concerns from the Oyster beds in Oregon to the swamps in Florida. And, last but not least, it is the answer for off the road recreation for 12 months of the year.

We have referred your inquiry to your nearest dealer, which we have listed below and sincerely hope you will call upon them for a demonstration ride.

YOUR NEAREST DEALER:

B.F. Curry, Inc.
