Bulb, .t packaging

K. Van Bourgondien & Son, Inc., has selected the peat-lite soilless mix, Pro-Mix, manufactured by the Premier Peat Moss Corp., for its 1972 packaging because of its light weight. The mix was first used last fall by Bourgondien for its line of pre-potted bulbs — ready to grow by just removing the cover and watering. Each potted bulb has its own growing and cultural information printed on the container.
