A whole new concept of transportation is unveiled with the Multimobile. Able to go anywhere and through anything, the Multimobile is a year round, all season, off the road vehicle.

Completely at home on land, water, swamp, sand and snow, this vehicle is unique with its patented steering and drive mechanism, it features a single handle steering lever, unsurpassed in its class for ease of handling and manoeuvering.

The Multimobile has been engineered and designed to function with the least of maintenance and utmost in performance, thus enabling you to really enjoy the great outdoors.

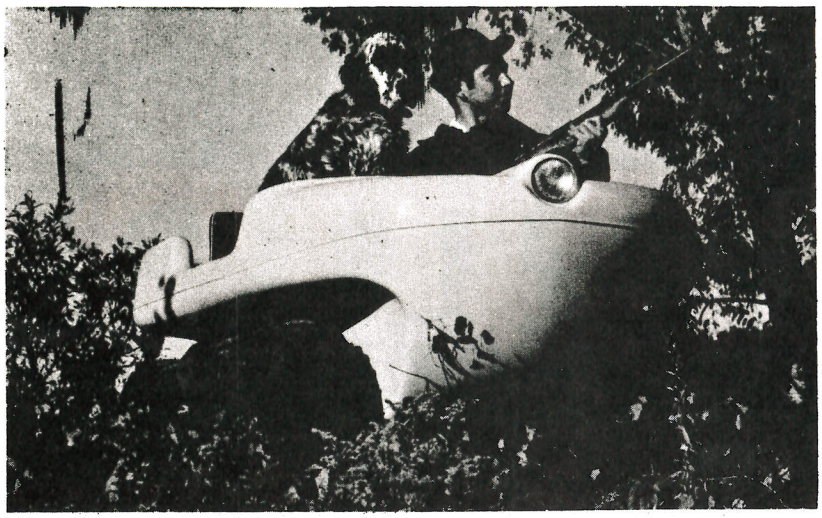
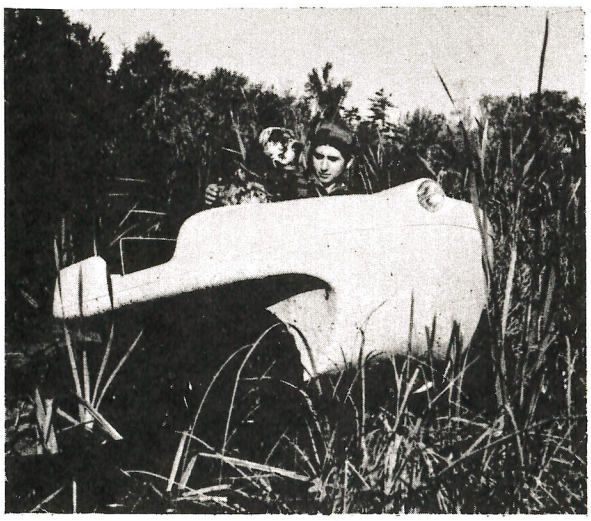
multimobile means

outdoor fun





Multimobile — the hunters vehicle — Goes anywhere with its six wheel drive and "turn on a dime" steering system. A simple joystick controls steering, braking and speed, leaving one hand free to hold hunting equipment.

Multimobile at play — The original fun vehicle for all seasons and all terrains. The rugged, one piece, fiberglass reinforced plastic body can withstand tremendous punishment while the specially designed super pneumatic tires provide a cushioned ride on the most jarring surface — Whether swimming at 2 miles per hour or racing down the beach at 30 miles per hour Multimobile is a ball!

Multimobile in the Marsh — Once inaccessable terrain is now within easy reach of this rugged little vehicle. The reliable air cooled engine and automatic transmission guarantee that you won't have to walk, wade or swim home.
