PRICE INCLUDES:

- Onan 4-cycle air cooled engine
- Multi-ply hi-strength continuous belt tracks
- 2 speeds forward, 1 reverse
- Roll bars
- Headlights
- Flywheel guard
- Ammeter and oil pressure gauge

This offer applies only to the Model PPT-520, 16 HP tracked vehicle. This is the sturdily-built machine that we think is much better than Alpine and Aktiv, much better priced than Bombi. PPT vehicles go almost anywhere — through wet and dry, brush, sand, snow, swamps, streams, forests, glaciers, ski hills, rice fields, wheat fields, beaches, mountains, park trails, cross-country. Takes sportsmen, workmen and equipment where they must go. Features low ground pressure, easy operation, excellent maneuverability. Fits in a standard pickup truck.

TERMS:

A one-time offer dependent on the factory receiving enough orders by December 15, 1981. \$6900 is 25% off the standard \$9100.

\$1000.00 down with order.

\$5900.00 before shipment.

December 15, 1981 you will be notified of shipping date or your deposit will be returned to you in full.

DON'T DELAY — PLACE YOUR ORDER NOW!
